

PRESENT INCOME TAX PROVISION TO CONVENTION

Classification of Property for Taxation Purposes

COULD MAKE TAXES UNIFORM

SPRINGFIELD, Ill., April 27.—An income tax provision and a classification of property for taxation purposes are included in a revenue article prepared by Delegate George C. Gale, chairman of the Illinois constitutional convention revenue committee and presented today to a subcommittee for consideration. This proposal is expected to start the committee members on the way to final drafting of revenue legislation which may or may not contain the ideas put forward by Delegate Gale as the subcommittee is divided on the question of income tax and classification of property.

Delegate Gale's plan declares that "taxes shall be uniform upon the same class of subjects" while the present constitution provides a uniform property tax based on valuation.

Income taxes Delegate Gale's plan suggests shall "be graduated and progressive" and also that the highest rate shall not exceed times the lowest rate with no exemptions.

The draft prepared by Mr. Gale for the consideration of the committee follows:

"The power of taxation shall be surrendered, suspended, contracted away. Taxes shall be uniform upon the same class of subjects and shall be levied and collected for public purposes. The general assembly shall have power to enforce franchises, villages and occupations, and provide for a personal income tax. If such income be graduated and progressive the highest rate shall not exceed six times the lowest rate with no exemptions. The general assembly may provide that the tax paid on property may be deducted from the income taxes derived from such property in the same year for which such property tax is paid on the income taxes on income from property may be deducted from the property tax from the same income is derived. The above specification of objects and subjects of taxation shall not deprive the general assembly of the consideration of objects to be taxed in manner consistent with the principles of taxation fixed in this constitution. This section shall not be construed as vesting the general assembly with power to make any other exemptions.

The convention today continued consideration of the suffrage bill but after considerable debate sent back to the suffrage committee the section which provides for one election day in November in each year. Provisions for one election day according to Delegate William E. Outmann of East St. Louis, who drafted the section, would eliminate some of the objectionable features in the state. Some delegates objected that the plan would eliminate some of the objectionable features pointed out during the debate today.

A PROCLAMATION

SPRINGFIELD, Ill., April 27.—The following proclamation in behalf of the American Legion's war members which starts Illinois May 3 was made public today:

"On May 3 the department of the American Legion will inaugurate a membership drive which will continue until May 21. The American Legion is the same relation to the war as the Grand Army of the Republic was to the soldiers of the Civil War. As all the world knows the Grand Army has been beneficent and helpful in all years since the close of the war as its members were visible during that mighty struggle for the preservation of the country more than half a century ago. Each year has added to the pride and glory of its membership. Each year the citizenship of our common country recognizes increasingly their debt of obligation to the boys in blue. We may expect the American Legion to become as effective and potent an influence in peace as it was in war. As the realities of conflict for the use of humanity lose their sharp lines with the passing years, and vivid scenes of battle and only memories, the patriotic people with their debt of appreciation will recall service and sacrifices of those in khaki and hail with just as those who wear the badge of the American Legion. Every man who is in service in the world war is entitled to membership."

(Signed),

"Frank C. Lowden."

CHARGES OF ADMIRAL SIMS ARE SHARPLY CRITICISED BY M'KEAN

Former Assistant Chief of Operations Declares the Charges "Monstrous"

WASHINGTON, April 27.—Sharp criticism of Rear-Admiral Sims' today before the senate naval investigating committee by Rear-Admiral J. S. McKean, former assistant chief of naval operations resulted in a tilt between Chairman Hale and Senator Trammell, Democrat, Florida when Admiral McKean was reprimanded by Senator Hale for indulging in "personalities."

The office declared he was only following a precedent set by Admiral Sims in his testimony, while Senator Trammell remarked that the chairman's objections to personalities had not run against Admiral Sims' "snappy comments."

Admiral McKean, whose appearance followed completion of the cross examination of Captain W. F. Ford, who had been on the stand several days, insisted that he was not seeking to defend Secretary Daniels or to damn Sims in what he said.

Admiral Sims' charge that delays by the navy department early in the war prolonged hostilities four months and cost 500,000 additional lives were "monstrous," Admiral McKean said, adding that coming from a "rear admiral on the active list, the head of the navy war college, it was an insult to every officer and man in the navy or who served in the navy during the war."

"It has been or will be entirely disproved," he declared.

The charge that the department had no plans for war also was untrue, the officer said. He admitted that one plan in particular had been in existence for years before the war and was corrected up to the time the United States joined the allies.

The plan was not perfect, he said, because of new elements, injected into the war by the German submarine campaign.

Captain Pratt in answer to Senator Trammell who sought to show that Admiral Sims' letter to Secretary Daniels entitled "some naval lessons of the world war," was in reality a sweeping criticism of Secretary Daniels and naval officers generally said he had no reason to doubt Admiral Sims' declaration it was not intended as a personal criticism. He could not void the impression, however, he added, that Sims was criticizing the chief of naval operations whether he intended to or not.

Secretary Daniels was not Admiral Sims' target, the officer declared, adding that he knew of no specific instances where Mr. Daniels interfered with Sims.

MAJ. SCHROEDER MAY RESUME FLYING

MINEOLA, N. Y., April 27.—Major R. W. Schroeder, holder of the world's altitude record suffered no ill effects from his thrilling flight at Dayton, Ohio, during which he dropped a distance of five miles according to reports made today by Major H. L. Bauer head of the United States army medical research department at Mitchell Field.

Major Schroeder's heart and organic system are in perfect condition and he can continue flying without danger of being disqualified, according to the medical officer.

Major Schroeder stated today that he expects to try for an altitude record from Mitchell field before he departs for Dayton, Ohio.

Sergeant Clarence Coombs will accompany him on the flight.

FOUR KILLED IN EXPLOSION

DES MOINES, Ia., April 27.—Four men were killed, and five were injured in an explosion in the engine room of the Des Moines gas company plant shortly after 5 o'clock this morning. The explosion occurred in a part of the plant through which practically all gas for the city passes, and as a result there was no gas for industrial or domestic purposes after the accident. The cause of the explosion had not been announced early today.

The dead are:

Phil Devine, the superintendent at the plant.

William King, a workman.

William Wisman, engineer.

Frank Coppinger, helper.

Three of the injured are in a serious condition.

MAIL PLANE WRECKED

Orange, N. J., April 27.—Three hundred pounds of mail were burned up late today, when a postal plane on its way from Washington to Newark became lost in a fog over the Orange mountains, grazed some trees on the hillside, crashed to the ground and burst into flames.

Wesley L. Smith, pilot, was only bruised.

CHARGED WITH PROFITEERING

Syracuse, April 27.—Weed's Inc., Binghamton clothiers, was indicted on charges of profiteering. One of eight counts was based on testimony of T. B. Cray, millionaire, that he paid \$60 for a suit costing \$22.50.

FIND IRISH LEADER GUILTY OF ANARCHY

New York, April 27.—James Larkin, Irish labor leader, charged with criminal anarchy today was found guilty by the supreme court jury before which his case was presented.

WILL TAKE YEARS TO ESTABLISH PEACE IN MEXICO

Declares John Lind After Careful Study of Country

SAYS REVOLT IS NECESSARY

WASHINGTON, April 27.—The personal story of John Lind of his experiences in Mexico as President Wilson's personal representative was told today to the senate investigating committee. Included was some account of his effort to induce Victoriano Huerta to abdicate the dictatorship he held following the overthrow of the Madero government and before occupation of Vera Cruz.

Revolution was necessary in Mexico, Mr. Lind contended, to rectify social and economic conditions, "that it will take decades to bring the people up to our standards."

"What poor Mexico needs is education," Mr. Lind declared, "and it is very unfortunate that the influence of the Catholic church has been against schools in Mexico. As in the United States its influence has not been in the direction of establishing and maintaining public schools."

That he had ever said the church be abolished as an institution in Mexico, or that he had said he advocated the recognition of Carranza lest poor Mexico fall back into the clutches of the Catholic church, Mr. Lind denied.

At the conclusion of his account of the failure of his mission with Huerta, he was asked his opinion in regard to the present policy should be adopted towards Mexico.

"The I do not know what the present condition is," Mr. Lind returned. "It behooves us as a great neighbor of a weak country to be very patient, not to judge them as we would England, France or Canada as to their responsibility in international affairs."

"Do you think we should refrain from insisting upon protection for American lives and property in Mexico?" Attorney Kearsley persisted.

"No, of course not, nor do I think the best protection will be afforded such interests by a military, warlike attitude on our part," Mr. Lind rejoined.

"When for five years running our strongest verbal representations have been disregarded," Attorney Kearsley continued, "when 30,000 Americans gone to financial ruin in Mexico, when hundreds have been murdered and find nothing but levity for our further representations, what should be our attitude?"

"That's not for me to answer," Mr. Lind replied. "Of course we can defend Americans to a certain extent along the border and in seaports but to defend them in the interior would mean the military occupation of Mexico as disastrous to us as to Mexico. It's a condition I haven't reflected upon. There may come a time when force is inevitable."

As American representative Mr. Lind said he had never left active aid to Carranza in his fight against Huerta, he had feared that "if Carranza failed, intervention would be necessary and had so reported."

Later after finishing his mission, he had urged recognition of the Carranza regime upon the United States government.

"Carranza typified the change that I considered necessary in Mexico," he said at this point. "Nobody can give the Mexican people absolute peace, order and plenty, as we understand it in spite of the wealth of the country. It will take decades."

ANSWERS RECEIVED TO QUESTIONNAIRE

WASHINGTON, April 27.—Approval of co-operative bargaining, improved rural credits reduction in the growing evil of farm tenancy and national conservation were voted by presidential candidates who have answered the political questionnaire of the national board of farm organizations. Replies were made public today from Governor Frank O. Lowden, Senator Owen James W. Gerard, former ambassador to Germany, Herbert Hoover, Major General Leonard Wood.

Governor Lowden, Mr. Hoover and General Wood each called attention to speeches or printed articles which they said, fully answered the questionnaire.

BREAKS MORE RECORDS

Daytona, Fla., April 27.—With flames bursting from beneath the hood of his sixteen-cylinder automobile at the finish line, Tommy Milton today further reduced his own world's record for one and two miles. The first mile was in 23:07, or the rate of 156 miles an hour. The second mile was in 23:17, making the two miles in 46:24.

Milton, last week, broke Ralph de Palma's marks with records of 23:56 for the mile and 47:15 for the two miles.

JOHNSON LEADING WOOD IN NEW JERSEY, OHIO GOES TO SEN. HARDING

Massachusetts Will Send An Unpledged Delegation To G.O.P. Convention

NEWARK, N. J., April 28.—Senator Hiram W. Johnson of California was leading Major General Leonard Wood by less than 1,000 votes in returns from three-fourths of the state in the Republican preferential primary contest in New Jersey at 2:30 o'clock (Eastern Standard Time) this (Wednesday) morning.

The vote in 1,559 out of 2,005 precincts gave:

Johnson 38,713
Wood 37,728

In the fight for the Republican "big four" returns from 540 districts showed that United States Senators Walter E. Edge and Joseph Frelinghuysen pledged to the choice of voters as expressed at the primary, were running a close race for the head of the ticket with former governor, Edward S. Stokes, pledged to General Wood and Mulford L. Ballard, pledged to Senator Johnson, following in that order.

The vote was:

Frelinghuysen 12,551
Edge 12,519
Stokes 10,305
Ballard 9,190

Other Wood and Johnson candidates for the "big four" were close behind the leaders. The vote was:

Thomas Layden (J.) 9,027
William N. Runyon (W.) 8,104
John W. Griggs (W.) 8,189

The Democratic "big four" pledged to the candidacy of Governor Edward I. Edwards who has announced that he would carry his fight against prohibition into the San Francisco convention was elected without opposition.

It consists of Governor Edwards, James R. Nugent, Essex county leader, who was a candidate for the gubernatorial nomination against Edwards; Mayor Frank Hague of Jersey City, and Mayor Frederick Donalds of Fenelon.

SCALE COMMITTEE OF ANTHRACITE WORKERS REJECT COUNTER-OFFER

NEW YORK, April 27.—The general scale committee of the Anthracite mine workers, at a meeting late today, rejected the counter-offer of the operators covering their wage demands.

The operators' offer was learned, offered wage increases averaging approximately 15 per cent but did not grant the closed shop or the universal eight hour day.

The scale men instructed their representatives to report their action to the operators at a tomorrow night's meeting of the subcommittee appointed to negotiate the new agreement and make further efforts to get a more favorable proposition.

The operators' offer of a wage increase averaging around 15 per cent gives the miners about half as much as their modified demand relating to wages asked. In this demand the miners asked an advance equal to the award recently given the bituminous coal diggers by the presidential coal commission.

The miners' demand for a closed shop contract and an eight hour day was also denied by the operators as were a number of others of the seventeen demands presented by the Anthracite workers.

MURDER OF MICHIGAN GIRL UNSOLVED

PONTIAC, Mich., April 27.—With two men detained in connection with the murder of Miss Schneider whose body was found on the porch of a vacant house here Sunday, Oakland county authorities tonight were centering their investigation on a search for another man who had been a persistent but undesired suitor of the dead girl. This man according to news, Charles Holtzman, Miss Schneider's aunt was in Pontiac Saturday afternoon. Since then, authorities said he had disappeared, leaving no clue as to his whereabouts.

Prosecutor Gillespie stated tonight that Alfred Wood, detained yesterday had apparently proven an alibi and probably would be released.

NEW YORK JOURNAL INCREASES RATES

New York, April 27.—The New York Journal, an evening newspaper controlled by William Randolph Hearst, announced today that, beginning tomorrow, it would advance its price from two to three cents. Advertising rates also are increased.

Evansville, Ind., April 27.—A loss estimated at a half million dollars resulted when the Washburn river levee near Oaktown, Ind., gave way today and water swept into 10,000 acres of land sowed in wheat.

CHARGE POST WITH BLOCKING OF DEPORTATIONS

Illegal Actions of Secretary May Mean Impeachment

SEC. WILSON IS BLAMED

WASHINGTON, April 27.—Illegal actions of Louis F. Post, assistant secretary of the department of labor resulted in blocking deportation of alien radicals, members of the house declared today before the rules committee. The responsibility lies at the door of Secretary Wilson for not recommending removal of Post from office, Ray seemed "such a man" those charges are true," Representative Rodenburg, Republican, Illinois, a words he spoke all day were when he was sentenced by Judge Colwell during the hearing which lines.

Representative Johnson, Republican, Washington, chairman of the house immigration committee presented a report by investigators on more than 300 cases in which it was said Mr. Post had cancelled or stayed deportations recommended by immigration authorities.

Representative Siegel, Republican of New York accused Mr. Post of bringing the deportation law into "disrepute and making deportation proceedings a farce and a joke."

He added that there had been many plain violations of the law, but Representative Tinch, Republican of Kansas, another witness declared he doubted whether Mr. Post had violated the law, although he contended that the assistant secretary had unquestionably abused his discretionary authority. These civil cases cited by Representative Hoch, Republican of Kansas, author of the resolution that led to the investigation in which Mr. Post was alleged to have released accused agitators without awaiting to review the evidence. With Mr. Johnson, Hoch also charged that Mr. Post for a time accepted a decision of Secretary Wilson that more membership in the communist party was sufficient ground for deportation, but that later Post "changed his mind" and did not follow this ruling.

While the Hoch resolution looks to possible impeachment proceedings against Mr. Post, Republican leaders plan for a complete preliminary inquiry by the rules committee and in event of an adverse finding to propose a resolution calling for Mr. Post's removal.

SOLDIER RELIEF LEGISLATION DEBATED

WASHINGTON, April 27.—The fight over the method of raising almost two billion dollars for the soldier relief legislation precipitated an all-day debate in the house today, during which the Republicans on the one side, and the combination of Democrats and insurgent Republicans on the other, explained the proposals.

Representative Johnson, Republican of South Dakota, announced that 75 Republican insurgents favored a retroactive "war profits tax, instead of a sales tax, proposed by Republican leaders."

His statement, if borne out later, would indicate an upset of the Republican program for passing the bill Monday without permitting action on the war profits proposal.

DELEGATES WILL BE UNINSTRUCTED

LITTLE ROCK, Ark., April 27.—Although active campaigns were conducted here in favor of Governor Lowden of Illinois and General Leonard Wood for the republican presidential nomination, the Arkansas delegation to the national convention at Chicago will go uninstructed, republican leaders here today predicted. The republicans will hold their state convention here tomorrow.

The third district convention held at Harrison yesterday endorsed Governor Lowden but elected uninstructed delegates.

ENTIRE FACULTY QUILTS

Richmond, Va., April 27.—Dispute as to the propriety of a lecture by Harriet Beecher Stowe, resulted today in the resignation of the entire faculty of Chatham Episcopal Institute here. The engagement for the lecture was cancelled by the Rev. C. O. Pruden, president of the institute, who held that any eulogy of Mrs. Stowe before southern girls would be out of place. Members of the faculty disagreed with President Pruden and when he refused to rescind his order, submitted their resignations, effective Friday.

HAD IMPORTANT DOCUMENTS

Washington, April 27.—Documents purporting to have been signed by Sylvia Bankhurst, the British Suffrage leader, James Gordon and Clara Zelof, promising assistance in spreading Bolshevik propaganda throughout the world, were found in the possession of three communist couriers arrested in Latvia, the statement was advised today.

MUST PAY DEATH PENALTY FOR MURDER OF 14 YEAR OLD GIRL

Nineteen Year Old Colored Youth Sentenced to be Electrocuted Aug. 5th

INDIANAPOLIS, Ind., April 27.—William Ray, colored, 19 years old, was sentenced to be electrocuted August 5, at the Indiana state prison, Michigan City, by Judge James A. Collins of criminal court here today when a jury returned a verdict of guilty of murder in the first degree. Ray is said to have stabbed to death 14 year old Martha Huff, a white girl, on April 19.

The Indiana law provides that the death penalty shall not be executed until at least 100 days have elapsed after conviction. Ray will be the first person to die in the electric chair in this state and he will pay the penalty exactly 108 days after the crime was committed.

When the clerk read the jury's verdict of guilty and fixed the penalty taken to prevent an attempt to prevent an attempt to take the witness stand and the first member of the committee declared during the hearing which lines.

"I didn't mean to kill the girl," he said. "I was overpowered by passion and I didn't know what I was doing."

Ray was placed on trial this morning. The defendant was guarded and every precaution taken to prevent mob violence. Ray stood motionless when arraigned and a formal plea of not guilty was ordered by the court.

A jury was quickly selected. Eighteen witnesses were examined and they testified that Ray enticed the little girl to the river bottom last Monday evening and criminally assaulted her, stripped her of her clothing, stabbed her thirteen times in the throat and threw her body into Eagle Creek where it was found the next evening. The jury deliberated twenty minutes and only one vote was taken it was said.

LOWDEN OPENS INDIANA CAMPAIGN

RICHMOND, Ind., April 27.—Machinery must be set up in Washington for the first time by system Governor Frank O. Lowden of Illinois, candidate for the Republican nomination for president, said tonight in an address.

"Even before the war government expenditures had continued to mount rapidly until they were becoming a matter of very serious concern to our people," Governor Lowden said. "In the war immediately preceding the war the estimates submitted by the departments of government for the ensuing year aggregated \$1,100,000. This sum was viewed at the time with much concern."

"Appalling however, as it was, the estimates submitted by these same departments for the ensuing year total more than four times that immense sum. This is a serious business proposition which our country must face if it is to avoid the rocks of bankruptcy. A live issue at the present time is how by taxation to raise revenues sufficient to pay the expenditures of government without checking and often destroying legitimate business."

Governor Lowden said that as a result of duplication of work by Washington departments governmental expenditures were increased.

"With a real budget made up by a courageous man who plays no favorites but insists that the public when it spends a dollar shall receive a dollar's worth of service, this deplorable and enormous waste would begin to disappear," he said.

STEEL CORPORATION DECLARES DIVIDENDS

NEW YORK, April 27.—Total earnings of the United States Steel Corporation for the first quarter of 1920 show an upward trend from the final quarter of 1919, the aggregate of \$42,089,000, representing an increase of \$6,297,717. Net increase of \$31,323,701. Increased \$8,283,426 and surplus of \$13,373,085 is a gain of \$8,150,797.

Regular dividends of 13 per cent on the preferred and 14 on the common stock were in keeping with general expectations and no advance in the common rate of distribution having been made as probable after the recent statement of Chairman Elbert H. Cary.

Analysis of the quarterly report discloses some irregularity of business returns. January returns were well above \$14,000,000, while those of February, a shorter month, fell slightly under \$13,000,000, with a rebound to \$14,022,898 for March.

On the basis of today's figures the common stock earned \$3.88 for the quarter, against the previous return of only \$2.27 cents and \$3.43 in the third quarter in 1919.

CAFE PROFITEERS INDICTED FOR PROFITEERING

Chattanooga, Tenn., April 27.—Charged with profiteering, specifically with selling club sandwiches at 50 cents each, or at a profit of more than 30 cents, three cafe proprietors were indicted today by a federal grand jury here. Another cafe proprietor indicted on the same charge is accused of selling milk at 15 cents a glass or at a profit of 11 cents. San Francisco

REBEL TROOPS PREPARE TO MARCH INTO MEXICO CITY

Revolutionists Making Rapid Advance Toward Capital

GEN. OBREGON IN GUERRERO

AGUA PRIETA, Sonora, April 27.—Rebel troops are preparing to march on Mexico City from the state of Guerrero, General P. Elias Calles, commander-in-chief of the "Liberal Constitutional" army announced today. The revolution in Guerrero, he said, was more serious for the Mexican federal government than the movement in Sinaloa, where troops under General Angel Flores continue to progress toward Mazatlan. The revolutionists from Sinaloa and Sonora plan to join with the rebels in Guerrero for the attack on Mexico City.

Capture of Mazatlan by the rebels, they expect, will easily lead to the subjugation of the balance of Sinaloa and rapid progress thru Nayarit, said to be sympathetic with the Sonora cause. In Jalisco, the next state south, revolutionary forces are said to be making headway, as is also the case in Colima. Michoacan also was reported in revolt against Carranza.

General Alvaro Obregon was said to be directing the revolutionary movements in Guerrero, after having recently fled from the Mexican capital, Sinaloa. From El Paso that a force of Carranza troops in Chihuahua City had revolted, gave strength to the rebels' assertions that Carranza officials massing troops in Western Chihuahua for an attack on Sonora were having difficulty in organizing their men for battle. Military headquarters here forecast that within two weeks communication by rail from the border of the United States to Mexico City will be completely cut off.

Sonora officials said they had been advised that Colonel Felipe del Arco would revolt with his men at Chihuahua City. They said arrangements had been made whereby del Arco and commanders in two other important Carranza garrison cities in Chihuahua were to join the revolution at a pre-arranged time. A bulletin issued at headquarters by General Calles today said General Manuel M. Dieguez, who was named to lead the Carranza troops against Sonora thru Sinaloa, has been unable to get transport for his men from Jalisco to Sinaloa or to recruit forces in Jalisco. Many of the Dieguez soldiers, the bulletin said, had deserted in Jalisco and joined rebel bands. General Francisco Murguia, in Tamulipas, has lost several garrisons, which deserted to the revolutionary forces.

Severely regiments of infantry have been formed from Sinaloa recruits gained by General Flores since he invaded that state, it was said.

RAILROAD TRAFFIC IMPROVING FAST

CHICAGO, April 27.—Continued improvement in railroad traffic conditions was announced today by the railroad general managers' association.

"The number of switchmen on duty in Chicago was increased today by 231, bringing the total to 2,214," a statement said. "Of the number, 316 were men who were on strike, 359 are new men and 769 men brought in from other points."

The railroads reported that the Indiana Harbor Belt and the Chicago Junction railways, which serve many large Chicago industrial plants, were operating at about 60 per cent of normal and that indications pointed to a steady improvement.

No further efforts toward ending the walkout were made by the insurgents with men who repeated their previous forecasts of ultimate victory. The Chicago association of commerce reported that no Chicago firms had closed because of a shortage of coal or raw materials.

POLICE CHIEF SENTENCED

Edwardsville, Ill., April 27.—Chief of Police Patrick McCambridge, of Madison, convicted recently for the shooting of Joel Wegdie, today was sentenced by Circuit Judge Benreuther to serve four months in jail and pay a fine of \$500.

"Wage War in Palestine," was the way a newspaper headline yesterday told of the disturbances in the Holy Land. A casual reader, familiar with conditions of unrest, supposed that some strike was on, and that a demand was being made for higher pay. Wrong in this instance, for the words told of the clash between Arabian and English troops.

READY FOR THE CAMPAIGN

The interest shown at the meeting of the Republican central committee Monday augurs well for the enthusiastic way in which

the party will enter the 1920 campaign. There are now 41 precincts in this county, and 38 of them were represented at this committee meeting. There is every indication that Morgan county Republicans this year will work with unity and enthusiasm for the success of the party ticket.

IT'S UP TO THE INDIVIDUAL

Here's another instance where government statisticians have figured out that the peak has been reached in living costs and that the prices for general necessities are being slowly hammered down. They base this argument on the noticeable increase in bank deposits during recent months.

After all the theories and statements are summed up about this worn-out, but very serious subject, there really seems to be but one effective way to bring about lower costs. These will come when there is a genuine slowing down of expenditures on the part of individuals. When this thing is done, production will overtake the demand and the necessary surplus will accrue.

IN ACCORD ON ARMENIA

For the first time in many months, the administration at Washington seems to be in accord with both Democrats and Republicans. Senator Hitchcock, and

he is the spokesman for the administration, has agreed with the Republicans that the United States does not want the mandate of Armenia. For this one time the statesmen take a common viewpoint and see chances for war and huge expenses if the United States were to agree to take on this responsibility. As one senator put it, "this government has no desire to annex the poor house of Europe, even at the wish of the allies."

CITY EMPLOYEES GET INCREASE

City employees have been given a wage increase, after careful consideration by the city council. The officials have all along been of one mind that the increases were merited on the basis of living costs, and the only question has been how to bring about the increase and still keep city expenditures anywhere near the income.

The condition here has been duplicated in hundreds of other cities where employees have made a justifiable demand for increases. In one Illinois city it was found necessary to increase the water rate 150 per cent in order to provide the additional funds necessary.

Interruptions.

I have a hundred tasks in mind, a hundred useful chores; I have the eight-day clock to wind, the cat to chase outdoors. I'm planning rhubarb, that our pies you'll praise in glowing terms; and soon I'll have to swat the flies and boil uncounted germs. And so it makes me tired and sad when some one takes my time, to whom some patent liver pad that retails for a dime. Oh, when the agent comes along (you know how 'tis yourselves!) and springs his old accustomed song concerning six-foot shelves, and when I see him from his grip his large prospectus draw, the cup of sorrow then I sip—there ought to be a law. For I have many things to do; I have to fix my lyre, and patch up the defective flue that spoils the kitchen fire. I have to prime the cistern pump; and make the mower run; however briskly I may hum, I never will get done. And so it makes me tired and sick when I am asked to pause, and listen to some windy hick—there ought to be nine laws!

HEIRS OF J. M. VIEIRA SEEK AN ACCOUNTING

Bills Filed in Chancery Asks Court Order Compelling Certain Heirs of Late J. E. M. Vieira to Give Accounting.

J. O. Priest is attorney for Amos W. Vieira, Fred E. Vieira, John H. Vieira and David A. Vieira, who have filed a bill in chancery directed against Carrie E. Vieira, Charles E. Vieira, and George M. Vieira and George M. Vieira. All are related to the late Joshua E. M. Vieira, who died Sept. 30, 1917, without leaving a will. Mrs. Carrie E. Vieira is the widow of Joshua Vieira and the others mentioned in the bill are sons.

It is shown that Mr. Vieira left a considerable estate including farm land and personal property, and that in October, 1917, the sons joined in a bill of sale and transferred all of the real and personal property to their mother, Carrie E. Vieira. It is stated it was agreed when the transfer was made to the mother that that transfer was for her lifetime and that later the property was to be divided in an equal way among the children. They charge that recently George M. Vieira, one of the sons, has fraudulently connived with their mother so that he has obtained possession of the farm lands and has taken without consideration personal property including horses, cows and feed. They allege that in the violation of the terms of the original agreement. They further charge that George M. Vieira is now threatening to introduce a bill to have expelled from all connection with the property Amos, David, Fred and John H. Vieira.

The complainants further charge that Charles E. Vieira, another of the brothers, has been in complete possession of certain city property described as lots 28 and 29 in Berdan's addition to the city of Jacksonville, and that his possession of such property is in violation of the agreement made October 25, 1917. It is because of these alleged facts the complainants now request that a court order be made compelling the defendants to give an accounting.

ANNOUNCEMENT

Having decided to retire from the grocery business, I will begin May 1 a closing out sale. Everything will be offered at good reductions. Stock, fixtures, horses, wagons, etc., will be disposed of and the building will be for rent.

In these days, when soldiers are before the public, it is not out of place to recall those who helped maintain the Republic before it had grown so strong.

Born in Kentucky.

Among these was William Armstrong, who was born in Greene county, Kentucky, September 1, 1795.

Mr. Armstrong was the son of Joshua Armstrong, who was a soldier in our Revolutionary war. The family were of Irish descent, and settled in Pennsylvania before 1776. This old soldier went to Pittsburgh after the war, then by water to Kentucky, settling in Greene county. He afterwards went to Warren county, in the same state, coming afterwards to Madison county, Illinois, which then included Morgan. Again he moved, to Jersey county, where he died. He and his wife were buried in Richwoods cemetery. They had six boys and three girls, all living to maturity. William, son of Joshua and Sarah (Moss) Armstrong, learned the saddlery business, under Capt. Chambers, of Chambers Fort, St. Clair county, Illinois. Armstrong served three years apprenticeship, and then went into business for himself.

In the War of 1812.

Mr. Armstrong had served in the war of 1812, in Capt. Chambers' company; and they were engaged in garrisoning forts, re-enforcing them and guarding supplies. Mr. Armstrong was discharged soon after the battle of New Orleans, which, it is to be recalled, took place after peace had been made, but the news had not gotten to "Old Hickory" and his men.

Mr. Armstrong worked at his trade, on his father's farm, and then purchased a farm in Madison county. There he married

Miss Susan H. Oden, of St. Charles county, Missouri, and they were the parents of eleven children. Mrs. Armstrong died about 1860.

Mr. Armstrong came to Morgan county in the spring of 1825, and saw the stakes set for Jacksonville, altho he settled in what became Yatesville precinct.

In 1827, while hunting, Mr. Armstrong killed two black bears. Venison was so plenty it could be fed to the dogs.

As the details of this sketch were gathered from Andrew Lytle & Co's book of 1872, no doubt Mr. Armstrong has been long "gathered to his fathers."

Yatesville

was in the northeast part of Township 16 North Range 9 West. The first permanent settlement of that township was made in the fall of 1824. Among the first settlers were William and Andrew Armstrong, William Miller, William Crow, Henry Keltner, Wright Flynn, Robert Fitzhugh and Dennis Coker. Henry Keltner built the first log cabin, in 1824, a short time after William Armstrong built the second such habitation. Joshua, son of William Armstrong, was the first person born there, in August, 1825. The Baptists built the first church, in 1827. Rev. William Crow being their first pastor. William Sage became the first physician, in 1827. The first teacher was Benjamin Workman, and William Miller the first road supervisor.

At the time of settlement land was not in the market, so legal possession could not be secured by the settlers for some years thereafter.

After the "Tonica & Petersburg," now Chicago & Alton railroad was started the village of Yatesville was laid off, but Prentice outgrew it.

Are you a Farmer, interested in Power Farming? If so do not fail to take advantage of the offer made possible by C. N. Priest, "The Ford Man," when he leased the Grand Theater and will present two reels of instructive and interesting matter on the FORDSON TRACTOR as related to the improved power farming.

There will also be two reels of comedy that will give you a hearty laugh, as well as plenty of good music.

This will be followed by a talk from Mr. Hildebrand, from Bloomington, the father of the TRACTOR BUSINESS and who is authority on "How to Keep the Boys on the Farm." Remember this is all free of charge.

BILL RELATIVE TO WYATT ESTATE FILED

A bill was filed in the circuit court Tuesday by Wilson & Butler in a matter relative to the estate of the late W. J. Wyatt of Franklin. It is shown in the bill that certain provisions have now been met and that it is proper that real estate be transferred to G. W. Wyatt, son of the testator. The bill asks the court authority for such transfer.

FORMER RESIDENT DIES

IN CALIFORNIA
A recent issue of the Warrensburg (Ill.) Times tells of the death of Miss Martha Harrison at Los Angeles, Calif., on March 3, 1920. The deceased will be remembered by a number of the older residents of the city, as the family formerly resided here. The father of the deceased, William Harrison, for many years conducted a cabinet shop in the room now occupied by Schram & Buhman.

The deceased was born in this city April 17, 1835, and grew to young womanhood here. She was educated at the old Methodist college, which was first held in the old East Charge church. Upon the death of her parents and the breaking up of the home, the deceased and her sister, Sarah, made their home with their niece, Mary E. Harrison. For a time they resided in Litchfield, Minn., and later removed to Los Angeles.

Sarah Harrison died four years since and it was not long after this that the health of Martha Harrison, recently deceased, began to fail. Altho broken in health and of advanced years, the deceased was able to maintain an active interest in life until about a year ago, when she was stricken with paralysis. Since that time she had been compelled to pass the days in a wheel chair. She bore her misfortune with unflinching cheerfulness and the example of her spirit was an inspiration to those about her.

The deceased is survived by one sister, Mrs. Susan Gibbons of Quincy, and two brothers, Charles Harrison of Barry, Ill., and George W. Harrison of Little Rock, Ark. She also leaves her niece, Mary E. Harrison, with whom she had made her home for the past eighteen years.

Feculiar to Women

Many women continually bear the burden of distress and pain with fortitude just because they are women. Few of them realize that their ailments are due primarily to disturbed nerve function that can easily be corrected so that they may be free of the nerve-racking, system-wrecking spells that make life miserable for them periodically.

Most women can be strong and healthy, happy and vigorous because their highly nervous and complex organism readily responds to Chiropactic Adjustments that offer a safe and effective means of restoring normal function.

Chiropactic (Ki-ro-prak-tic) corrects the cause by adjusting the spine and relieving the nerves of the bone pressure, which disturbs the nerve function. With the pressure removed normal function is restored and Nature builds up and strengthens the system. Acute and chronic cases are handled by Chiropactic in Nature's own way. Operations, drugs and instruments are needless in

CHIROPRACTIC
THE BETTER WAY TO HEALTH

Women everywhere are turning to Chiropactic for relief, because they find it not only effective, but free of the embarrassments of other methods. Every woman should investigate Chiropactic and learn what it can do for them in a health way.

Chevrolet Facts

The present-day value of an automobile lies in its degree of utility. The more it serves the more it saves. And in measuring the value of the Chevrolet by these standards, its real worth is revealed.

Like a true friend, the Chevrolet will wear well. It will not fail you in time of need. It will not be a burden to keep. And the closer your acquaintance grows the greater will be the charm in its possession.

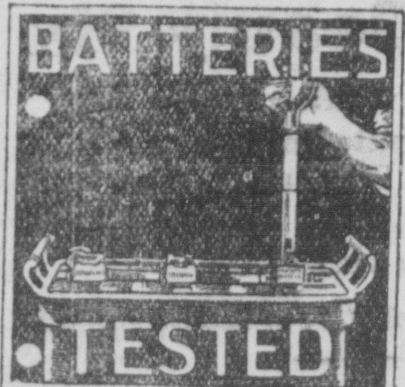

The Chevrolet represents an unusual value. This you will appreciate at first glance. But to know the full extent of its worth, you must know more of the efficiency of its service—its capabilities for practical time-and-labor-saving utility.

The popularity that Chevrolet cars have attained is a reflection of the sound judgment of the thousands of discriminating purchasers who were convinced that the vast resources and sound manufacturing policies of the Chevrolet Motor Company were adequate to insure the production of thoroughly worthwhile products.

And the remarkable records that Chevrolet cars have made in the hands of these owners is conclusive proof that Chevrolet quality has an unquestionable right to the recognition and endorsement of all who believe in sane spending and sound values.

SUFFERING OF YOUNG WOMEN

This Letter Tells How it May be Overcome—all Mothers Interested.

Fort Dodge, Ia.—"From the time my daughter was 13 years old until she was 16 she suffered so badly each month that sometimes I had to call in the doctor. She had headaches, backache and such pains and cramps that she would have to stay in bed two or three days. She became terribly run-

down in health and at last a friend who had used Lydia E. Pinkham's Vegetable Compound told her about it and she has used 16 bottles, and we always have it in the house. She feels fine now and she has no trouble at all each month. We always praise it and advise any friends who suffer to use your wonderful medicine."—Mrs. MINNIE MANDELKO, 1005 S. 18th St. & 10th Ave., Fort Dodge, Iowa.

Girls who are troubled as Miss Mandelko was, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound.

Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. These letters will be opened, read and answered by a woman and held in strict confidence.

COUGHING, WEAK AND RUN-DOWN AFTER FLU

Regained flesh and strength quickly, and tells how.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit. I saw Milk's Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone and I have gained back my strength and flesh."—Emma Withers, Box 50, Belmont, N. C.

Don't trifle with a weak, run-down condition. It leaves you open to serious diseases. Get your strength back. Milk's Emulsion costs nothing to try. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all ailed of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

ODD FELLOWS OBSERVE 101ST ANNIVERSARY

Illini No. 4 Held Exercises in Observance of 101st Anniversary—Interesting Program Carried Out—H. A. Perrin Delivered Main Address.

Illini Lodge No. 4 I. O. O. F. observed the 101st anniversary of the founding of Odd Fellowship in the United States in an appropriate manner in the Temple in East State street Tuesday evening.

Several hundred Odd Fellows and their friends and families gathered in the temple to enjoy the program. The Odd Fellows ritualistic anniversary service was interspersed throughout the program in charge of Noble Grand Sibert

assisted by the other officers of the lodge.

The program opened with a portion of the ritualistic ceremony. Then a quartet composed of James Guyette, H. C. Hopkins, C. B. Magill and Maurice Peckham gave two numbers in a pleasing manner and were compelled to respond to an encore.

Miss Mamie Kennedy gave two readings. The first was "In the Tolls of the Enemy," by James S. Wood and "Understanding Jane," by Miss Kennedy who is graduating from the School of Expression of Illinois Woman's College this year, is a reader of much talent and her numbers were greeted with hearty applause.

Mrs. Beulah Coddington with Mrs. Edgar Martin as accompanist then gave two vocal numbers. Mrs. Coddington's selections were "Japanese Maiden" and "Boat Song," both by Jessie Jaynor. Mrs. Coddington's voice was especially adapted to the numbers and her efforts were well received.

After another number by the quartet H. A. Perrin, superintendent

ent of the city schools, and a member of Illini Lodge was introduced. Mr. Perrin expressed his appreciation of the honor of being asked to speak before his own lodge.

He then gave a brief outline of the history of Odd Fellowship and the influence which it has made upon civilization. Mr. Perrin handled his subject in an admirable manner and was heard with close attention and greeted with applause during his address.

At the close of Mr. Perrin's address the company joined in the singing of the first verse of America. Then all were invited to the dining room and where refreshments were served. Then some time was spent socially.

It was indeed a great night for Illini lodge. Many of the veterans of the order were present and the spirit exemplified by the principles of the order pervaded the entire evening which was an unqualified success in every particular.

Mr. Farmer:
Yourself, wife and children are cordially invited to attend a show at the Grand Theater Thursday afternoon or evening as guests of Mr. C. N. Priest, "The Ford Man."

There is NO CHARGE, and we are sure that you will find the entertainment both interesting and instructive. There will be two reels on the Fordson Tractor, two reels of good wholesome comedy that will appeal to you, and plenty of music. Followed by an address from Mr. Hildebrand of Bloomington, who as an interesting talker, has no peer, for he understands his subject and he not only tells you what you want to know about POWER FARMING, but he also is an authority on "How to Keep the Boys on the Farm."

Do not forget the date—Thursday afternoon at two thirty or evening at seven thirty.

PERSONAL PROPERTY SALE.

FURTHER DELAY IN MONUMENT WORK

Labor Conditions Interfere With Proposed Shipment of Bronze—Company Has Done Excellent Work.

Th Morgan County Monument association met yesterday afternoon with Contractor James P. Morrison, of Chicago, to hear general conditions regarding the work.

Mr. Morgan said one granite group was boxed and ready to ship. The other could have been completed April 1, but owing to a national strike of granite workers, the piece is unfinished and there is no telling when it will be done.

The bronze figure "Columbia" is ready to cast and is a noble piece of work. Mr. Morrison had with him a photograph of it and a copy may be seen at the Journal office. It is 11 feet high and a grand triumph of art. Owing to labor conditions the bronze foundry will not even name a date on which it will be cast, but say it will take some weeks yet, and there is nothing that can be done to hurry matters along.

The four bronze tablets bearing the 3,000 names of soldiers are boxed ready to ship, but it was agreed that it would not be reasonable to ask Mr. Archer to come here and rig up for one group of statuary, tho if ever the tablets can be shipped from Chicago they may be set on arrival.

Mr. Morrison has arranged to go ahead with the concrete work about the monument, so that it will look as well as can be expected under the circumstances. Meanwhile, all will devoutly hope for an early completion of the lacking parts of the structure.

It is only simple justice to say that the contractors have acted in a very honorable, upright manner all the way thru. They had plenty of opportunities to throw up the contract and save themselves expense, but without a murmur or complaint they have gone ahead with vastly increased expense to complete the undertaking according to first agreement, which should have been carried out two years ago.

While in the city Mr. Morrison paid his respects to Captain J. M. Swales, who is ill at the home of his son, 422 South Clay avenue. Like other veterans, the captain is deeply grieved over the delay in the completion of the monument.

Social Events

B. Y. P. U. Social.
The young women of the B. Y. P. U. of the first Baptist church entertained the young men at a social last evening in the church parlors. The social is the result of a contest which has been on for some time. The contest covered membership increase, attendance, and active participation in the meetings. The young men won and the losers entertained them, the evening was spent playing games. Refreshments were served during the evening.

Orleans Country Club Meets
Members of the Orleans Woman's Country club were entertained Tuesday afternoon by Mrs. Anna Drury and Mrs. Helen Drury, at the home of the former. There were 21 members and seven guests in attendance and a program of special interest was carried out. Mrs. Fred Moeller had charge of the program, which was a musical one. Mrs. Moeller gave a group of three selections on the piano, after which Mrs. Helen Drury gave a musical number. Members responded to roll call by giving the title of a favorite song.

Three new members were taken into the club. Mrs. Agnes Wingler, Mrs. Nellie Cox, Mrs. Samuel Davis. At the close of the formal program came a delightful social hour, during which the hostesses served refreshments.

The next meeting will be held at the home of Mrs. J. T. Little, in Alexander, on Tuesday, May 11th.

Junior Endeavorers of Lynnvill Church Meet

The Junior Endeavorers of the Lynnvill Christian church, under the efficient leadership of Mrs. Walter Hardy and Mrs. C. H. Gibbs, met in a social gathering in the basement of the church Tuesday afternoon. There was a large attendance of members and the hours from 2 to 5 o'clock were spent in a pleasant way with games and various amusements. At 5 o'clock delicious refreshments were served.

In the contests the prizes were won by Wilbur Jewsbury and Geraldine Fayer. The society, which was organized just five weeks ago, now has a membership of 56, and a great deal of interest is being manifested by the young members. The organization bids fair to have an important part in the church activities of coming weeks and years.

I. O. O. F. Celebration at Murrayville.

The Odd Fellows and Rebekahs with their families enjoyed a delightful evening in Carlson's hall Monday night where the 101st anniversary of the founding of Odd Fellowship was celebrated. About two hundred were present and at 8:15 they were called to order by the chairman, S. B. Jones, and listened to the following program, which was exceptionally good. Especially the Minstrel Glee Club, the Comic Male Quartet and Orchestra and the Minstrel Duet were received with great applause and hearty encores. The program follows:

America—Audience.
Lord's Prayer.
Piano duet—Mrs. Iva Short and Mildred Wright.
Organization of Odd Fellows—C. T. Daniel.
I. O. O. F. Comic Quartet and Orchestra—S. F. Sooy, J. W. Wright, J. B. Fuller and Clifford Ketcher, accompanied by Mildred Wright.
Reading—Jane Wright.
Song—Mrs. Maude Rimbeay and children.
Reading—Mrs. Ludella Seymour.
I. O. O. F. Glee Club and Minstrels—C. R. Short, Warren E. Wright, T. G. Beadles and Jas. L. Solomon, accompanied by Mrs. Iva Short.
Talk on Odd Fellowship—Dr. W. A. Wesner.
Minstrel Specialty—Mrs. Ruth Fuller and Mrs. Mabel Walker.
Talk—S. F. Sooy.

After the program refreshments of ice cream, cake and lemonade were served.

D. A. R. Held Session.

The Rev. James Caldwell chapter of the D. A. R. held a regular meeting yesterday afternoon at the home of Mrs. E. E. Crabtree and Miss Mary Wadsworth on West State street.

Mrs. Ellen Merritt presided at the meeting owing to the fact that Miss S. M. Fairbank, the regular hostess, is not able to attend.

The Tablet committee gave a full and encouraging report of the progress which is being made. Mrs. J. Marshall Miller, who was the delegate to the State convention made her report. The Jacksonville chapter has made wonderful progress and the State officers considered the report from here the best at the convention.

The invitation of the Jacksonville chapter to hold the State convention here next year has been accepted.

Members of the faculty of the Illinois Woman's college furnished a program which was well received. Miss Lazelle sang a group of five songs, two being old folk songs which have been handed down by the mountaineers of Kentucky.

Numbers of the program were: Three violin numbers—Miss Clara Moore.

Reading—Miss Constance McCammon.

Group of songs—Miss Rena LaZelle.

The following were the hostesses for the afternoon: Mrs. Frank Heini, Miss Mary Wadsworth, Mrs. Thomas Worthington, Mrs. E. P. Cleary, Mrs. Harriet Nelson, Mrs. Mary Dunlap, Mrs. Nelson McMurphy, Mrs. Julian King and Mrs. J. Marshall Miller.

Freshmen Team Loses Here And at Galesburg—Two to One Decision Here, Unanimous at Galesburg.

The Freshmen of Illinois college and the Freshmen of Knox college met last evening in dual debates in Jacksonville and in Galesburg.

The question for debate was "Resolved that military training be compulsory for undergraduate men in all colleges and universities".

In the debate at Jacksonville Lowell Andrews and Howard Wilson upheld the affirmative for Illinois and Milton Brown and Robert Maynard defended the negative. The judges, L. M. Allen, of Springfield, J. R. Colbert, of Waverly, and A. E. Stephens, of Springfield decided the debate in favor of the negative by a two to one decision.

Craig Johnson, alternate, and R. E. Williams, coach, accompanied the Knox debaters to Jacksonville.

The Illinois negative team which debated in Galesburg was

composed of William Hegstrom and Fred Haskins, Ronald Waggoner and Lawrence Hill of Knox upheld the affirmative. The judges at this debate were Professor L. E. Robinson of Monmouth college, Professor M. E. Chapin of Carthage college, and L. E. Maxwell of Monmouth high school. Their decision was unanimous in favor of the affirmative. READ JOURNAL WANT ADS.

ALUMNI OF SCHOOL FOR DEAF TO MEET
Interesting Program Planned For Reunion to be Held June 11-14—Prominent Men to Appear as Speakers—Large Attendance Anticipated.

A reunion of members of the Alumni Association of the Illinois School for the Deaf will be held in this city June 11 to 14 inclusive, the program for the four days having just been announced by the committee in charge of arrangements. It is the expectation that former pupils of the school to the number of several hundred will attend the reunion. The fact that the state pays the expense of the trip will doubtless insure a large attendance.

The local committee in charge of arrangements includes Fred W. Schoneman, chairman; Mrs. H. A. Molohon, Mrs. Felix Lupin, Miss Esther Kearney, E. O. Towne, Harry and Fred Mather, and they have left nothing undone which would add to the pleasure or interest of the occasion.

Among those in attendance will be T. J. Haneline of Elkhart, Ind., president of the alumni association, and Rev. J. H. Cloud of St. Louis, president of the national association of the deaf. The latter was at one time an instructor at the local state school. It is probable that he will preach at the chapel exercises on Sunday morning, June 13.

On the opening day there will be a reception in honor of Managing Officer H. T. White and Mrs. White. The next morning, Saturday there will be an address of welcome by Mr. White, followed by the president's address. The program for Saturday afternoon will include speeches and recitations about the tree planted in memory of war heroes.

Saturday evening, June 12, there will be a banquet and on Sunday afternoon there will be a trip to Diamond Grove cemetery for the purpose of decorating the graves of Dr. P. G. Gillett and other former teachers at the local school. Sunday evening there will be a moving picture entertainment in the chapel.

On Monday morning there will be an address by Miss Grace Hasenstab and following this will be a business session. At the Monday afternoon session an election of officers will be held.

The final feature on the program will be the awarding of prizes to the ones coming the longest distance by train and by automobile. Another prize will be awarded to the oldest member of the alumni association in attendance at the reunion.

It has been the custom to hold the reunions every three years but the war caused a change in this plan and it has been five years since a reunion was held. This fact will doubtless add to the interest and attendance at the coming meeting.

STATE HOSPITAL PATIENT DIES
Charles Hale, a patient at Jacksonville State hospital, died suddenly Monday afternoon, and the circumstances surrounding the death were such that a post mortem and inquest were held. It was found that the man's death was due to cancer of the heart, a condition which is somewhat unusual. Hale was working in the garden when he was stricken with illness and his death followed within a few moments.

The deceased was 54 years of age and had been a patient at the hospital for the past 14 years. His home prior to that time was in Tazewell county.

Mildred Smith has returned to her home at 749 South Church, after being a patient at Our Saviour's hospital, having had her tonsils removed.

FORMER RESIDENT DEAD IN CALIFORNIA
Mrs. Rebekah Tuman Dies at Home of Daughter in Los Angeles—Son, Edward Tuman Resides in This City—Burial in Los Angeles.

Edward Tuman has received a telegram from his sister, Mrs. Ada Rider of Los Angeles, Cal., stating that their mother, Mrs. Rebekah Tuman, peacefully passed away Monday morning.

Mrs. Tuman, whose maiden name was Rebekah Jackson, was born in Oldham, Lancashire, England 96 years ago. When a young woman she emigrated to this country and on the ship met a countryman named Jacob Tuman and they became so attached to each other they were married after arriving in this country.

The lived together happily till seven years ago when the husband and father was called away by death since which time the mother has been tenderly and lovingly cared for by her dutiful daughter at whose home she passed away.

A good part of their married life Mr. and Mrs. Tuman spent on a farm two and a half miles northeast of Chapin and now owned by Mr. Alderson. Later Mr. Tuman conducted a meat market in Jacksonville. Where he carried on the same business the greater part of his remaining life.

Mrs. Tuman is survived by her daughter, Mrs. Rider of Los Angeles, and son, Edward of this city.

According to her wish the funeral and burial will be in the California home.

Mrs. Tuman was a woman of sterling worth and thorough Christian principle. She was a devout member of the First Baptist church of this city and ever conscientious in the performance of her duty. She was a tender, loving mother, a dutiful and devoted wife, a valued friend and desirable neighbor.

COMMITTEE NAMED ON ELECTION PRECINCTS
Democrats of Jacksonville and the county are interested in the proposal made at the Republican convention by W. L. Alexander for a movement to make city and county voting precincts in Jacksonville identical.

John W. Clary is the chairman of the Morgan county Democratic central committee, and he yesterday named the following members of a committee to co-operate in the movement. This committee includes:

First ward—Michael McGinnis.
Second ward—John S. Sheppard.
Third ward—John W. Merrihan.
Fourth ward—Perry J. White.

IF THE CITY OWES YOUR MONEY IS READY
Warrants are ready at the office of the city clerk for the payment of all bills allowed by the city council. The surprising fact is that there are some warrants ready for delivery which have been held for several weeks because persons to whom they are drawn have failed to call for them.

The city council is very anxious to have all bills filed promptly and they will be paid promptly. In this way the city officials feel that they can keep much closer in touch with expenditures than if bills are permitted to drag along. Putting the city on a cash basis will be beneficial to all parties concerned.

SLEEPING CAR RATES NOT TO BE RAISED
The rates for berths in sleeping cars belonging to the Pullman company will not be raised after May 1, as was at first anticipated. This announcement has been received by the local Wabash office from H. P. Clements, general passenger agent of the Pullman Co.

This announcement applies only to the state of Illinois, and travelers going out of the state will be compelled to pay the higher rate. The decision not to raise the rate in Illinois at present is due to the postponement of the hearing before the utility commission until August 29.

DAYLIGHT SAVING PLAN IN CLOVERLEAF OFFICE
The employees of the Cloverleaf Casualty Co. will, beginning with May 3, work according to the daylight saving plan. The employees will begin work at 7 o'clock in the morning and leave off at 3:30 in the afternoon, taking one hour for lunch at noon.

It is the belief of the management that by this new program as much work can be accomplished, even though the working day is half an hour shorter than before. The plan is merely an experiment, but it is probable that the employees will see to it that results are so satisfactory that the new order will be maintained throughout the summer months.

ELKS ATTENTION
Regular meeting Wednesday, 8 p. m. The important subject of raising dues and initiation fees will be considered. All Elks urged to attend.

THE AMERICA DAY PROGRAM
Preparations are still going forward for the American day program to be given at the Opera house next Sunday afternoon at 2:30 o'clock. The hour previously stated was 3 o'clock, but the program is to begin at 2:30.

As previously stated Attorney General Brundage will make the principal address and the program will be one with strong patriotic appeal.

HORACE CARRIEL DIES IN LOS ANGELES
Former Resident Passes Away at California Home—Wife Was Formerly Miss Linnie Cruse of This City—Funeral Services Probably Will Be Held There.

Mrs. W. D. Roberts received a message yesterday announcing the death of her brother, Horace Carriel which occurred at his home in Los Angeles, California Sunday. He has been in failing health for the last six months, having suffered a nervous breakdown.

Deceased was the son of the late H. F. Carriel and was born in Trenton New Jersey in October 1868. He came to this city with his parents when a boy and this city was his home for many years.

He graduated from the Jacksonville high school and also was a student at Illinois college.

He was united in marriage in this city November 12, 1890 to Miss Linnie Cruse, daughter of James Cruse, who survives, together with two children, Cruse Carriel of San Francisco and Mrs. Carl Borg of Santa Barbara.

He also leaves five brothers and one sister, Dr. H. B. Carriel, Dixon, Frank Carriel, Monrovia, Calif., Mrs. W. D. Roberts, Jacksonville, Dr. Edward T. Carriel, Marquette, Mich., F. C. Carriel, Sisseton, South Dakota and Rev. C. A. Carriel, Milwaukee. His stepmother, Mrs. Mary T. Carriel is now visiting California.

After leaving Jacksonville Mr. Carriel spent a number of years in Texas. About twenty years ago he went to Los Angeles, California. At the time of his death he was cashier of the Edison Electric company of Los Angeles. Mr. Carriel was a man of genial disposition and had many friends in Jacksonville by whom news of his death will be received with regret.

While it is not known definitely it is thought funeral services will be held and burial made in Los Angeles.

FINDINGS MADE IN APPELLATE COURT CASES
The appellate court yesterday handed down decisions in three cases. In that court from the Morgan county circuit court. In the case of Elizabeth Spencer executrix vs. Jacksonville Railway & Light Co., judgment was reversed and cause remanded. The lower court returned a verdict in favor of the plaintiff and awarding damages in the sum of \$2,000.

In the case of T. B. Orear vs. Jacksonville Railway & Light Co. a like decision was reached by the higher court. In this suit, damages of \$1200 were awarded the plaintiff in the circuit court.

In the matter of the estate of Ellen Chapin vs. Chapin, executor. The case was brought by executor of will of Q. H. Chapin for a share in the estate of Ellen Chapin. The executrix of the estate of Ellen Chapin defended the ground that in his lifetime Q. H. Chapin had released all rights to her estate. The circuit court allowed the executor of Q. H. Chapin's will to share in the estate, holding that the supposed release was invalid. Upper court reverses the ruling and remands the cause with directions.

STATE HOSPITAL PATIENT DIES
Charles Hale, a patient at Jacksonville State hospital, died suddenly Monday afternoon, and the circumstances surrounding the death were such that a post mortem and inquest were held. It was found that the man's death was due to cancer of the heart, a condition which is somewhat unusual. Hale was working in the garden when he was stricken with illness and his death followed within a few moments.

The deceased was 54 years of age and had been a patient at the hospital for the past 14 years. His home prior to that time was in Tazewell county.

Mildred Smith has returned to her home at 749 South Church, after being a patient at Our Saviour's hospital, having had her tonsils removed.

The 'Eclipse' Lawn Mower

It Is "Fool Proof"

This machine has been thoroughly tested out by having been on the market fourteen years.

It has the lever adjustment for the cutter-bar to the reel which does away with all troublesome set screws and bolts.

It also has the reversing device for running the reel backward, which enables the user of this machine to grind it or the repairman to do it at a saving of time and money and enables you to get a better job.

Then with the above facts in view, why experiment in getting something that is said to be just as good when you can get the ECLIPSE and be sure you have it.

Remember

This is a guaranteed machine with no bad features, and fourteen years of success.

LIBERTY BONDS STOLEN AT WHITE HALL

Theft of Mail Sack Containing \$10,000 Worth of Bonds at Burlington Station Is Disclosed—Crop Conditions in Greene County.

White Hall, Ill., April 25.—The theft of a mail sack containing Liberty bonds to the amount of \$10,000 to \$14,000 is disclosed by an investigation by postoffice

inspectors. The theft occurred at the Burlington station Thursday night, the sack being thrown from a truck just before the arrival of the train from St. Louis, during the temporary supervision of lighting during a storm. It was not until Friday evening that the postmaster became aware of the theft and the affair was kept a secret until inspectors had completed a survey and investigation locally Sunday morning. Only the White Hall pouch of first class mail was taken, and it contained three registered packages

containing bonds from local banks for St. Louis, destined for conversion into bonds of larger denomination. About two weeks before the theft, C. and A. station was entered by a front window, and the office ransacked, but very little was missed. The safe was saved a blowing by being left unlocked, the evidence indicating a special search for whiskey shipments.

The time for oats seeding is past, and there are comparatively few acres planted to oats. This is largely due to the fact that the ground will be largely devoted to corn. The seriousness of the situation lies in the inability to carry out crop rotation. It is doubtful if all the land intended for oats can be put in corn on account of the almost complete interruption of farm work since the first of March, when the rainy season began, with the acute shortage of farm labor. Local business men are planning to give a hand in the farm work as far as they can by going into the fields and taking as much of their clerical help as can be spared, if only for a few hours each day. The delayed plowing threatens a shortage of production that may be more serious than at present anticipated, as the situation is general, not local.

The condition of winter wheat has not shown recovery from adverse weather conditions mentioned a week ago, and there is considerable pessimism regarding the outcome, with about an equal amount of optimism. Some put the wheat prospects as low as 50 per cent, but it is now time to spread disaster when it is recalled that just such conditions as now prevail have preceded some bumper wheat crops. Pastures and meadows are improving. Fruits are progressing under the favorable reports of the past two weeks. Plowing and gardening may get into good swing by the middle or latter part of this week if today's shower proves the ending of the wet season. April, so far, has about had a normal rainfall, there being 3.25 inches to date, but March, with 4.75 inches—2.35 inches more than normal—produced more rain than could be taken care of properly and permit cultivation to any extent.

High waters are now menacing the reclaimed areas along the Illinois river, but the levee embankments remain intact along the Greene county border. The stage at Grand Pass today is 19 feet, a rise of five inches in 24 hours, and the works will have to withstand a still further rise, as reports from Beardstown today show that the Illinois is still rising at that point, the stage being 21.3 feet this morning, a rise of 0.50 of a foot in the past 24 hours. The levees along the Greene county border will be able to withstand 25 feet without a driving wind, as last Thursday, which horridly tested the works. The levees are being patrolled day and night. The Mississippi at Louisiana is falling, and this indicates that there is not to be the further menace of backwater.

If the plan of collective buying is to give what we expect. As a whole this county has not used much phosphate, but there are signs of growing interest in soil improvement. Lane county in northern Illinois has already ordered 4200 tons.

"JUST ONE" WILL ALWAYS DO IT

The New Idea Laxative That Never Wears Out—It's Different

All old-style laxatives are headed for the discard now that "Just One" is here. Who wants to keep on changing from one brand to another as the effect of each wears out, when "Just One" never wears out?

Each of the 20 tablets in each box of "Just One" is the same size, shape and appearance but of different composition from the other 19. One tablet gets action by stirring up the sluggish liver, another does its work upon the lower bowel, etc., each a pleasant, thorough, dependable laxative of a different sort.

That's way "Just One" is the ideal laxative that never wears out. They don't "pick on" a single organ all the time, but keep all fit and vigorous. Your system can't become used to and unresponsive to "Just One" because each dose is a change.

See the point? Then get "Just One" today. Any druggist anywhere can get "Just One" for you or we will send it prepaid upon receipt of 25c per box. Ferritone Chemical Co., Council Bluffs, Iowa.—Adv.

Farm Bureau Notes

The Calyx Sprays.—W. S. Brock of the College of Agriculture was a caller at the farm bureau office Monday. Mr. Brock has charge of the field work of the department of horticulture. We have made arrangements for him to return here Monday, May 10 and assist in two pruning and spraying demonstrations. At this time it will be in order to give the calyx spray, when most of the petals have fallen. This spray is planned primarily for the control of the codling moth but will also be helpful in controlling San Jose scale. We have not decided just where these demonstrations will be given but may offer them to Chapin and Litterberry, as considerable interest has been shown in this work in these localities. However, we are open to suggestions and await invitations.

Winter Wheat.—The condition of the growing crop on April 1st was estimated 67 per cent of the normal as compared with 101 per cent last year and 82 per cent the ten year average. This indicated a crop for Illinois of 33,000,000 bushels as compared with an estimated production of 57,800,000 last year. For the United States the condition is estimated at 75.6 of the normal as compared with 99.8 per cent on April 1919 and 84.1 per cent, the ten year average. This condition forecasts a production of 433,617,000 bushels upon the assumption of an average abandoned acreage and an average change of condition during the growing season. Last year at the same time, they estimated the production at 731,636,000 bushels. In view of these figures it looks as though wheat ought to be a good price the coming season. Where we have inspected fields and found anything like a half stand over the entire field we have advised letting the crop stand.

Decreased Acreage of Oats.—Reports from the various counties further south indicate that the farmers have been exceedingly unfortunate in seeding oats. In some fields farmers report that oats have rotted. There seems to be a growing sentiment in those counties in favor of early oats. Next year those southern counties expect to pool their orders and ship in several carloads of Iowa 105.

Anxious for Phosphate Orders.—J. R. Bent, who has charge of the phosphate department of the I. A. A. wires that farmers should place at once orders for May and June deliveries of rock phosphate

MANCHESTER RESIDENT DIES SUDDENLY

Death of John Thomas Came Monday Morning—Funeral Arrangements Not Yet Completed.

Manchester, April 26.—Death came suddenly to John Thomas, a prominent Manchester citizen at his home Monday morning. He had been in failing health for sometime, but his condition was, at no time, considered serious. He was in usual health Monday morning when he was suddenly stricken and death resulted in a few moments. His wife summoned the neighbors and Dr. G. N. Lucas, but life was extinct. Deceased was seventy-five years of age and his entire life was spent in this community. He, with his family resided on the Thomas farm, north of Manchester for some years. Several years ago he retired from farm life and the family established their residence in Manchester. Mr. Thomas was well known and highly regarded as a man of integrity and worth. He was a member of the M. E. church and a member of the official board of the church.

Deceased is survived by his wife, one son, Charles Thomas of Stuttgart, Ark., three daughters, Mrs. Rose Wells and Mrs. Flora Eagan of St. Louis and Mrs. George Estler, residing near Greenfield. One brother and one sister also survive, James, Thomas and Mrs. Margaret Wyatt, residing in Manchester. Funeral arrangements will not be completed until the arrival of the relatives.

ADMUNDSEN ABANDONS DASH TO NORTH POLE

WASHINGTON, April 26.—The Amundsen Polar expedition party in the Steamer Maud is ice bound at the mouth of Kolyma River, Siberia and awaiting an opportunity to sail southward. It was indicated in radio dispatches made public today at the navy department. Amundsen, who discovered the South Pole, apparently had abandoned his attempt to reach the North Pole. The expedition left Dixon Island in the White Sea early in September, 1918, and had not since been heard from until recently. The first message from Amundsen was picked up at Cordova on March 25, from the station on St. Paul's Island. It said: "St. Paul reports S. O. S. from Russia station at Anadir stating Amundsen expedition is bound in Kolyma river (Siberia) and requesting we handle import dispatches."

Later radio messages were interchanged between Amundsen and his family in Norway but no information regarding the condition of the members of the expedition or the reasons for turning back were given. Officials at the navy department said it was probable that the Maud, Amundsen's ship, was still ice bound in the Kolyma river and that a party has been sent overland to the trading post radio station on Anadir Bay to establish communication with the outside world.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause. They have grown wonderfully. In the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as chickens. Avicol keeps them healthy and makes them grow and develop. D. J. St. Paris, O., writes: "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers; or you can send 25c or 50c today for a package by mail postpaid. Burriel-Dugger Co., 658 Columbia Bldg., Indianapolis, Ind."

"Just Right on the Label Means Quality for the Table."

"Sure—
here's a new one full of Pep!—"

THIS is where you'll stop to get that new battery for your car—because you want a long-living, hard-hitting Storage Battery—a Columbia, of course.

More than a quarter of a century of battery building has made the Columbia folks the recognized leaders of the world in battery knowledge. They build the best battery they know how to build, guarantee it to yield definite power for a definite time, and stamp it with the Pyramid Seal as a symbol of that guarantee.

You know how we value our reputation as "the place of 100% values." We know that when we sell you a Columbia Storage Battery we add another bond to the friendship between you and us.

I also have a Battery Hospital. I repair and charge all makes of Batteries. If you have never tried our battery service department it will pay you to do so. We have never yet failed to satisfy a customer.

MOON
MODERN MOTOR CARS

The timeliness of the new Moon Six-48, apparent at a glance, is proved by an analysis of its design and construction.

Every line, from the sharp angles of the deep nickel-silver radiator and the octagon lamps to the tilt of the extra tire carrier, conforms to the symmetry of its straight lines and squares.

A four-inch longer wheelbase emphasizes the characteristic Moon balance and low center of gravity—features that insure smooth riding.

It is powered with a new high-speed motor of matchless flexibility. Full cord tire equipment cushions its pathway. The model is made in touring, sport roadster, types—each selling at a sedan and coupe body price that's an appeal to your reason.

Complete Repair Shop
Besides doing general auto repair work, we are equipped to handle satisfactorily tire vulcanizing and do all battery work.

A WORLD REBUILT

By the Golden Rule
not by the Rule of Gold

WHAT ARE the most precious elements in American Life?

Respect for the home? Jesus found women slaves; He made them companions. Down through the ages His Church has been the champion of women's rights and aspirations.

Respect for the man who works? It was the Carpenter of Nazareth who gave labor its great charter. "You are sons of God," He said. In that sentence Democracy was born.

Respect for property? Modern business is credit; and credit is character. All that makes property safe in the world is bound up in the reverence for law that religion breeds.

Respect for education? Who gave America her colleges? They were founded by Christian ministers, almost all of them.

On these great essentials must we build a better America, and a better world. And every one of them rests on the foundations of the Christian Church.

Thirty denominations of that Church are uniting now in a simultaneous campaign.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including

the Church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The appeal is to every lover of America, to you whether you are inside the Church or out. The rebuilding of the world is a spiritual task. Faith must be the cornerstone on which the new foundations are laid true; the measuring rod by which the builders build must be the Golden Rule.

Give when the call comes to you—give with your heart as well as your pocket-book

Daily Market Report

STOCK MARKET

ACTIVE AND IRREGULAR
New York, April 27.—The decision of the supreme court in the Reading case, acute weakness of foreign exchange, the proposed retroactive 80 per cent war tax and several favorable statements of industrial earnings composed the conflicting developments of today's active and irregular stock market. Trading was characterized by further substantial gains in Reading issues. The advance also embraced affiliated coalers. Other rails, notably Transcontinental and trunk lines, had their periods of activity and strength. Union Pacific presenting an excellent report for 1919. Among industrials recent strength of American woolen was explained by the issuance of the 1919 statement, disclosing earnings of almost \$40 on the common stock. U. S. Steel earnings for the first three months of the year, made public after the close of the market, exceeded popular estimates, showing \$3.88 gained for the common stock.

Motors, oils, steels, equipments, shippings and numerous miscellaneous specialties showed extreme gains of 2 to 10 points, but in every noteworthy case these were canceled later.

Heavy selling of the last hour coincided with a 10 per cent money rate.

Railroad bonds were strong for a time, but eased with the stock list at the end. Liberty issues, with one or two exceptions, closed at nominal gains. Total sales (par value) aggregated \$13,275,000.

CORN PRICES

Chicago, April 27.—Uneasiness over the financial situation put bulls at a disadvantage today in the corn market. Prices closed nervous at 1 1/2c net decline to 1 1/4c advance, with May \$1.74 to \$1.74 1/4c, and July \$1.64 to \$1.65. Oats finished 1/2c to 1 1/4c down and provisions off 7c to 35c.

Altho at the outset grain markets displayed fresh strength, which carried corn and oats to the highest figures yet this season, it was not long before sellers of corn were in a majority. The prevailing cold damp weather, adverse to farm work, appeared to be chiefly responsible for the initial upturn in value. On the other hand, much notice was taken of gossip that British and French withdrawal of bids for breadstuffs from United States was due to continued weakness of sterling exchange. Pessimistic views attributed to the German minister of the treasury counted likewise as a bearish factor, and so, too, did late declines in the New York stock market. Toward the end of the session, indeed, May delivery of corn was the only place where strength of grain still lingered.

Oats were depressed by advices that exporters were re-selling domestic dealers.
Provisions, as a rule, tended downward, influenced by talk that packers would not do any more business with Europe except on a cash basis.

60 Ton Miles of Motor Truck Freight Per Person

DURING 1917 (latest authentic figures available) motor trucks hauled 60 tons of freight a mile for every person in the United States.

Then the country was at war and the capacity of the railroads was overtaken.

It is doubtful if even a small percentage of this enormous tonnage could have been moved except by motor trucks.

The management of the Standard Oil Company (Indiana), recognizing the necessity of furnishing facilities for supplying gasoline to automobiles and trucks as they traveled through the country, established Service Stations at convenient points throughout the territory served.

These Service Stations perfected the system of distribution maintained by the Company.

The drivers of this caravan of motor trucks which carried the 6 billion ton miles of freight in 1917 would have found their task more difficult of accomplishment had it not been for the network of Service Stations along the way.

While the Standard Oil Company was supplying a substantial share of the fuel consumed by these motor trucks, it also was supplying its regular patrons, and meeting the demands of the United States Government with great quantities of gasoline for war purposes.

Its preparedness and its ability to meet an emergency, however unheralded the emergency may be, serves to emphasize one of the salient phases of the bigness of the Standard Oil Company (Indiana).

Inspect Your Wiring

If car owners would make a point of inspecting the wiring on their machines two or three times a year a lot of trouble would be avoided.

There is no such thing as tightening a connection so that you are sure it will stay. The constant jar and sway of a car will sometimes succeed in working loose a nut that has been jammed down so tight that it seemed to be there for keeps. This is particularly likely to happen if there is slack in the wire so that it whips back and forth.

It is quite common to find batteries that are undercharged for no other reason than neglect of the owner to keep connections tight between battery and generator.

Let us give this matter the "Once Over" for you. May save you quite an item of expense.

CRIMINAL INSANE PATIENT CAPTURED

Dr. F. H. Stubblefield Takes Harry Geddes Into Custody Here—Escaped Last February—Threatened Dr. Stubblefield with Revolver.

Harry Geddes, an escaped patient from the hospital for the criminal insane at Menard, was taken into custody here Tuesday morning by Dr. F. H. Stubblefield, superintendent of the Menard institution. Geddes was boarding the north bound Burlington train Tuesday morning as Dr. Stubblefield was alighting from the train.

In the capture of Geddes Dr. Stubblefield was near death. When he recognized the escaped patient he spoke to him and Geddes who had his hand in his coat pocket pressed the muzzle of a 38 calibre Colt's automatic revolver against Dr. Stubblefield's abdomen.

Dr. Stubblefield who before going to Menard for a period of years was connected with Jacksonville State Hospital did not get excited and, being used to dealing with such people, calmly talked Geddes out of shooting him. He got possession of the revolver and then took Geddes in a taxicab to the police station where he was turned over to Chief Kiloran for safe keeping. Dr. Stubblefield will take Geddes back to Menard this afternoon.

According to the story told the police by Geddes he was born and raised in Meredosia. He told Chief Kiloran that he was sent to Chester from Hillsboro.

Geddes said that just prior to his being sent to the penitentiary he went to a little town near Hillsboro named Panama and got intoxicated. When he returned to Hillsboro he broke into a store and went to sleep. The proprietor found him the next morning and he was given an indeterminate sentence on the charge of burglary.

About eight months ago Geddes said he had an attack of flu and lost his mind and was sent to the criminal insane. Last February in company with two other patients he escaped. His companions were recaptured but he has since evaded capture until Tuesday.

One to look at Geddes would never suspect him of being a criminal or as being mentally unbalanced. He talks rationally enough and told the chief he got the worst of it when he was convicted.

Geddes was well dressed and appears to be about 30 years old. He told Chief Kiloran that he registered at the Dunlap Monday night under the name of McLaughlin. Inquiry at the hotel revealed the fact that a McLaughlin giving his residence as Springfield registered at the Dunlap Monday night. He had purchased a ticket for Canton when captured.

Dr. Stubblefield told Chief Kiloran that Geddes was rational except at times when he had delusions. So far as the men at the police station could ascertain Geddes seemed very rational and would never be taken either for a criminal or an insane person.

TWO FUNERALS AT MANCHESTER SUNDAY

Last Rites For Late James Cooksey—Remains of Miss Mollie Husted Laid to Rest.

Manchester, April 27.—A large number of relatives and friends were present at the funeral of James Cooksey which was conducted from the residence at 2:30 o'clock Sunday afternoon. Services were in charge of Rev. Fred Peek of the Baptist church. The songs, "He Knows It All," "Shadows" and "God Will Take Care of You," were sung by a choir composed of Mrs. J. C. Andras, Jr., Mrs. William Arendell, Miss Lucille Antrobus, M. W. Story and E. L. Maine. The floral offerings were many and beautiful and were cared for by Mrs. H. McConnell, Mrs. J. C. Andras, Jr., Mrs. C. D. Chapman and Mrs. E. E. Rousey. The bearers were: G. D. Barnes, Thomas Ash, James Garvin, H. McConnell, William Mehrhoff and Henry Heaton. The members of the I. O. O. F. lodge of Winchester, of which the deceased was a member, attended in a body. Interment was made in Bower's cemetery. The lodge members had charge of the service at the grave which was beautifully impressive. Those attending the funeral from a distance were: Mr. and Mrs. Fred Funston, Mrs. Golda Halderman and little daughter, Jessie, of Colorado Springs, Colo. Mrs. Edith Elliott and daughter, Ruby, of Grafton, Nebraska, Dr. and Mrs. George Hill and daughters, Maxine and Maurine of Topeka, Kansas, and Harrison McMahon of Fairmount, Nebraska, also Mrs. Marie Mason and Miss Margaret Grady of Jacksonville.

Funeral services for Miss Mollie Husted, whose death occurred at Lincoln, Friday, were conducted from the residence of Mr. and Mrs. J. H. Langdon Sunday afternoon at 1 o'clock in charge of Rev. Fred Peek. A choir composed of Mrs. Alice Wallis, Mrs. William Arendell, E. L. Maine and M. H. Story rendered the songs, "Sometime We'll Understand," "Beautiful Isle" and "We'll Never Say Goodbye." The floral offerings were cared for by Mrs. C. D. Chapman, Mrs. Clara Collins, Mrs. Elmer Langdon and Miss Lennie Chapman. J. F. Travis, H. McConnell, C. D. Chapman, Lennie Groeber, Robert Chapman and James Preston served as bearers. Interment was made in Manchester cemetery.

FINE SERVICES AT LITERBERRY CHURCH

Rev. W. R. Johnson Preached on Interchurch World Movement at Baptist Church Sunday—Other Literberry Notes.

Literberry, April 26.—Rev. W. R. Johnson of Jacksonville filled his regular appointment on Sunday morning and evening at the Baptist church. The morning hour was taken up with a sermon on the Interchurch World movement, the urgency of the time and the supreme opportunity. Mr. Johnson made a very earnest and forcible appeal to his people on this drive. There was a goodly number out for Sunday school and preaching. Those from a distance were: Mrs. James McDonald and daughter Miss Ruth of Jacksonville. A committee of six men from Grace Chapel M. P. church started out Sunday morning in the interests of the drive for the Interchurch World movement for the part apportioned to that neighborhood.

Howard McFadden and Harry Brainer took the territory near the church; Chester Brainer and Lloyd Ogle took the north territory, while Harry Ogle and Harry Barber waited on the East division, coming as far as Literberry, arriving at Sunshine cottage at one o'clock. The Chapel people are very much interested and expect to go over the top in this drive during the coming week.

Mrs. S. H. Crum went to Little Indian Sunday afternoon to visit her brother, William Henderson.

Mrs. William Brown of Sunny Slope on Sweet Briar avenue, visited her daughter, Mrs. John Rexroat of North Prairie on Sunday.

Mrs. John Chapman visited last week at Mowekua with her aunt, Mrs. Kircher.

Mrs. Hester Collins of Havana is spending a few days with her son Ora Collins and family.

The Sunday school class taught by Mrs. Warren Daniels known as "The Worth While Girls," held

a class social at the Baptist church Saturday night. Each one of the class invited another young person from some other class to be a guest. There were games, music and some very nice refreshments during the evening. The young people were chaperoned by Mrs. Warren Daniels, Mrs. John Daniels and Mrs. O. M. Petefish.

Miss Louise Ray went to Jacksonville Monday for a two week's visit.

The Mission Circle will meet on Friday afternoon the 30th at "The Zephyrs" with Mrs. C. A. Beavers.

AURORA NEWSPAPER IS HIT BY PAPER SHORTAGE
Aurora Beacon-News: The Beacon-News, like every other paper, has been unable to get a normal supply of paper for some time. The hope has been that the shortage would be relieved. Instead it has grown worse. It is a question now of getting paper at any price, wherever it can be found in the market.

The Beacon-News must issue a smaller paper or no paper at all. Every endeavor to print every news item, altho in abbreviated form, will be made.

No national advertising will be carried.

The largest display that can be given a local advertiser is one-quarter of a page.

This restriction is made with the design of serving every Aurora advertiser as well as the people at large.

Persons who have been in the habit of buying The Beacon-News on the corner are urged not to buy. Borrow a paper from your neighbor.—Exchange.

AGED RESIDENT OF BLUFFS DIED MONDAY

James Burbank, Aged 86 Years, Passed Away After Brief Illness. Funeral Services Thursday.

Bluffs, April 26.—James Burbank, aged 86 years, 2 months and 11 days, passed away at his home here at 2:30 o'clock Monday afternoon after an illness of but a few hours' duration. The deceased was born in Canada and came to Illinois in the year 1854. Nine years later he returned to Canada where he was united in marriage to Miss Lucheria Elsworth.

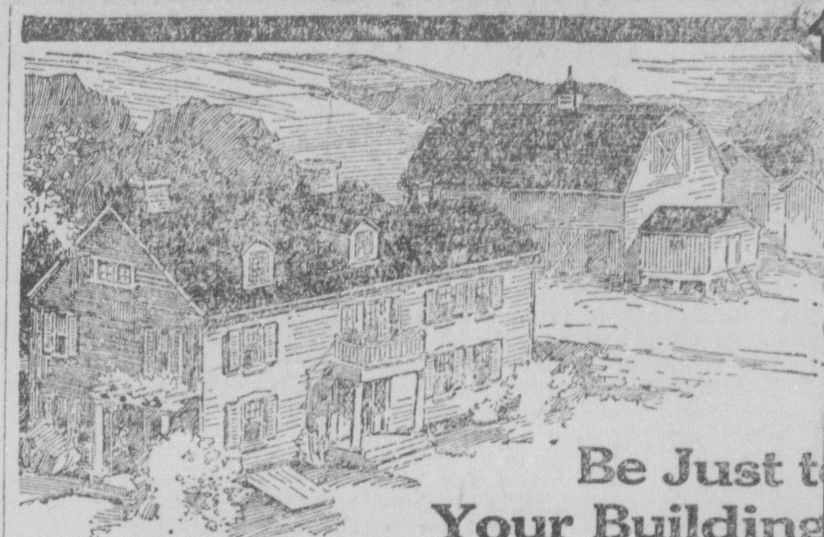

Soon afterward Mr. and Mrs. Burbank came to Illinois and settled in Scott County, two miles south of Bluffs in what is known as Apple Pie Ridge. There Mr. Burbank has since continued to live, and he came to be known as one of the county's most prominent and highly respected residents. For years he farmed on a large scale but more recently had turned over the active management of the farm over to his sons. The deceased was preceded in death by his wife, who passed away Jan. 10, 1892. One son, Edwin, also preceded his father in death. The surviving children are Erwin and Oscar Burbank, both living on the home farm, and Joseph Burbank, who lives at Minneapolis, Kans.

The arrangements for the funeral have not been fully completed, but it will be held at 2 o'clock Thursday afternoon and will be in charge of Rev. Scott Peak of Exeter.
